.NET Developer

NeoGames, an international online lottery software and service provider, is the leading developer and provider of global e-Instant win games for the lottery industry.

Our own platform covers various business areas including accounts management, processing secure payments, managing high volumes of gaming transactions, communicating with hundreds of partners' services, processing business reports and many more.

Our platform is the best-of-breed and our games are the best interactive scratch and instant win games in the world.

We are looking for experienced software specialists to develop an enterprise-scale web-based platform for online lotteries.

Responsibilities:

End-to-end responsibility for developing services and infrastructure components based on the service-oriented architecture and modern technology standards, including design, coding, unit testing, working with 3rd parties integrated with our platform and more.

Requirements:

- 3+ years of backend development experience building large scale Web based systems using .NET Framework/.NET Core:

- Hands on experience with next technologies and languages: C#, ASP.NET MVC, Web API:
- Experience with ASP.NET WebForms, WCF will be a plus:
- Logical thinking, excellent problem solving skills:
- English level: Intermediate — reading/writing documents, daily meetings with teams:
- Bachelor's Degree in Computer Science or related field:
- Responsible, initiator, team-player and great communication and interpersonal skills.

Nice to have:

- Microservices, working/implementing with infrastructure libraries:
- Caching techniques (memory, Redis or similar):
- Some experience with VB.NET, MSSQL:
- Docker:
- Kafka.

What we offer:

- High-level compensation and regular performance based salary and career development reviews:
- Medical insurance (health), employee assistance program:
- Multisport Card:
- Paid vacation, holidays and sick leaves:
- English classes with native speakers, trainings, conferences participation:
- Referral program:
- Team buildings, corporate events.

How many interview stages do we have?

- 1 . 20 min Phone screen with Recruiter:
- 2 . Technical interview with a Team Lead:
- 3 . HR Interview:
- 4 . Final interview with the Manager.

Who we are

NeoGames is a leading online gaming software and service provider.

We empower our customers worldwide to generate maximum revenues from their interactive and retail offerings with our complete 360° gaming and omnichannel solutions:

- A comprehensive Player Account Management platform
- The widest portfolio of market-proven games
- A complete set of Player Operational Services

NeoGames pioneered the interactive games market, creating an established industry within a short time; we are committed to further innovation while maintaining the highest security levels and responsible gaming guidelines.

Memberships — As an integral part of the global lottery community, NeoGames is a proud member of various lottery industry associations like the World Lottery Association (WLA), NASPL, Asia Pacific Lotteries Associations (APLA) and CIBELAE.
